

How palliative care can be a natural part at all stages of cancer care

Stein Kaasa

*European Palliative Care Research Centre, Oslo University Hospital,
Norway*

“Palliative care is the umbrella, not the rain,” Dr. Camilla Zimmermann says of the comic strip. “Like the umbrella, palliative care is good to have just in case, and you can bring it out when you need it.”

Zimmermann, Camilla; Mathews, Jean, JAMA Oncology, 2022

JANE - Joint Action on Networks of Expertise (NoE)

Joint Action **JANE** – GA **101075328**

WP 6: NETWORK OF EXPERTISE ON PALLIATIVE CARE

Lead: Oslo University Hospital (OUS)

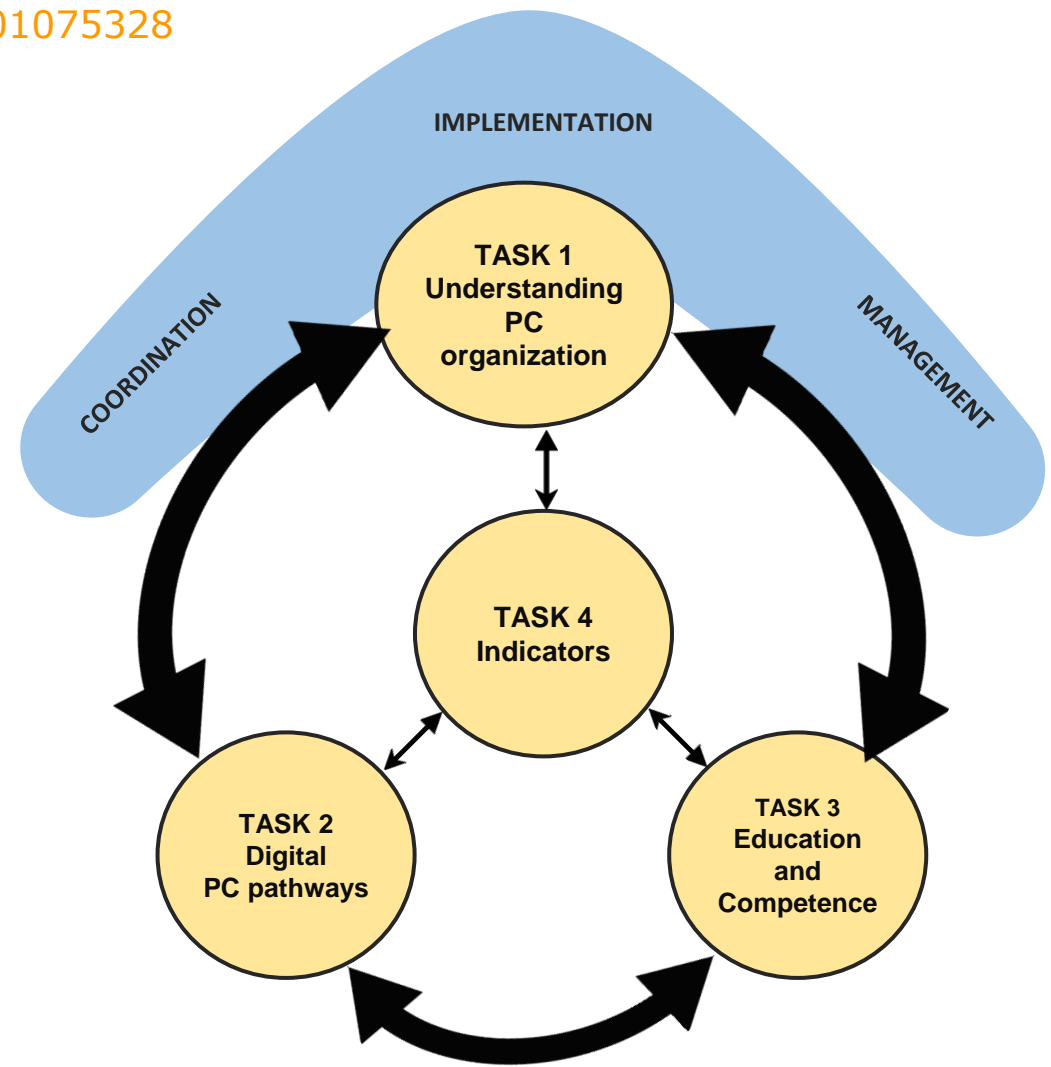

Co-Lead: Fondazione IRCCS Istituto Nazionale dei Tumori di Milan (INT)

JANE's 7 Networks of Expertise | Vision

Network of Expertise (NoE)	Vision
NoE on Complex and Poor Prognosis Cancers	Empowering hope, extending life: a world where poor prognosis cancer no longer steals futures and equal access to care prevails throughout Europe
NoE on Palliative Care (PC)	Creating a sustainable NoE in PC to integrate palliative care into routine cancer care, ensuring evidence-based PC meets patient needs across all EU MSs
NoE on Survivorship	Supporting the integration of evidence-based cancer survivorship into routine care, ensuring equitable access across EU member states
NoE on Personalised Primary and Secondary Cancer Prevention	Advancing individualized strategies to prevent disease by integrating genetic, lifestyle and environmental factors into tailored healthcare approaches
NoE on Omics Technologies	Supporting the integration of innovative omics technologies into standard cancer care, ensuring equitable access for all EU citizens in a sustainable way
NoE on Hi-Tech Medical Resources	Providing equal access across Europe to hi-tech medical resources
NoE on Adolescents and Young Adults (AYA) with Cancer	Becoming the network where collaboration between paediatric and adult cancer services will be strengthened to face the gap of AYA patient survival across EU MSs

NoE on Palliative Care | Tasks

Joint Action JANE – GA 101075328

What are we doing?

- Establish a high-profile Network of Expertise (NoE) on palliative care.
 - Network-in-Network structure

Why do we need a NoE on PC ?

- To collaborate, transfer knowledge, and standardize palliative care across European member states.

What will the NoE on PC do?

- Define and implement European guidelines for palliative care
- Integrate evidence-based palliative care into routine cancer care

22 participating countries in the NoE on Palliative Care - JANE 2
